4:00 today is probably the best time based on availability here.

Any chance of starting the call at 3:30 PM, because some people are scheduled to leave at 4:30? If 3:30 doesn't work, we could plan on 4:00 and they can sign off the call early.

Also, another time slot opened up today at 11:00-Noon if that works as well. Thanks.

Pat,

Would 4:00-5:00 on Wednesday work or Noon-1:00 on Thursday? If either of these work, go ahead and schedule. Thanks.

Crague,

Can we schedule a call this week to discuss? Please let us know what would work for MPCA and we will send an invite and conference #.

I'm available this afternoon and most of the day tomorrow, Thursday before 10:30 AM and after 3:00 PM, and am off Friday.

Thank you,

Pat

Crague,

Thank you. We will follow up with our management and project team on providing support in some capacity, and get back to you.

During the comment period, we need to be cautious discussing the details of the HRS Doc Record, but could discuss 'next steps after listing' and Superfund program works.

We will follow up with you after we check in here.

Subject: City of Edina Public Meeting - Hwy 100 & Cty Rd. 3

Pat and Heriberto,

Just found out this morning that Rep. Heather Edelson, D-Edina, would like us to attend a community meeting hosted by the City of Edina, Sen. Melissa Franzen, and her on Wednesday Nov. 20 from 6:30 – 8:30 pm at Edina City Hall to discuss the Hwy 100 & Cty Rd. 3 site and listing on the NPL. Our commissioner's office will be attending this meeting as will our remediation management and staff. Minnesota's Department of health management will likely be attending as well. We will undoubtedly be getting questions about next steps after listing which may be more appropriately answered by EPA. Would either or both of you be able to attend this public meeting to speak to the NPL listing process and next steps after listing? Your presence will be very helpful and much appreciated. Please let us know whether you can attend and call if you have questions. Thanks.
